I recommend the following be added:

Regarding PRPs, add language that the solid waste landfill portion closed in 2004 (?) and that maintenance of the closed landfill is the responsibility of the PRP with state oversight under subtitle D

Re: recent updates, I would add some info from the MDNR website regarding the installation of wells etc + the fact that the AG filed a complaint.

Hi Dan,

OCFO had some edits on the West Lake Landfill Fire. Can you please address them? They are looking to get these locked down today if possible. Thanks.
